The Family Violence Protection Team (FVPT) was established in 1997 with grant funds to provide comprehensive services to the victims of family violence. The FVPT is a collaborative effort between the Austin Police Department, Travis County Attorney's Office, Travis County District Attorney's Office, Travis County Sheriff's Office, SafePlace, Texas Rural Legal Aid, and the Women's Advocacy Project. The Family Violence Protection team provides legal, counseling and investigative services to victims of family violence. The FVPT members are currently located in facilities across Austin.

The Child Protection Team (CPT) was established 1990 in an effort to effectively protect the children of this community by consolidating the community, investigative, legal and social services into one collaborative effort. The CPT is a collaboration between the Travis County Attorney's Office, Travis County Sheriff's Office, Austin Police Department, their respective Victim Services Divisions, all other law enforcement agencies in Travis County, the Travis County Center for Child Protection and the Texas Department of Family Protective Services. The CPT members are currently located in facilities across Austin.

The FVPT and the CPT would like to co-locate to a facility that would allow for victims to receive the services they need without having to visit multiple facilities across town. The Family Violence Protection Team members would co-locate with the Austin Police Department Family Violence Unit investigators and APD Victim Services counselors in a new facility. In addition, the Austin/Travis County Child Protection Team would also be locating several of the agencies at the facility to improve the system's response to abused and neglected children.

The City and Travis County Health Facilities Development Corporation have a second lien on the Austin Ridge campus located at 8509 FM 969. The City Council on March 25, 2004, approved release of its lien provided the current owner, PB Austin Ridge L L C and MF Austin Ridge L L C (Owner) agree to several requirements, including providing office space for Travis County and the City in the Family Justice Center (which is located on the property and commonly known as the hospital building). The City has entered into extensive negotiations to finalize this remaining Council approved requirement. However, additional work is needed before the final arrangement between the parties is complete.

The Travis County Center for Child Protection (CCP) proposes to be the initial agency to locate at the Austin Ridge campus. CCP has completed a capital campaign to raise funds for development of an approximate 5.76 acre site on the combined 171 acre Austin Ridge campus for their headquarters building. Construction bids have been received and following release of the City and Travis County Health Facilities Development Corporation lien on the CCP site, construction will begin.

CCP has requested the City to partially release its lien on the property it is acquiring from the Owner before beginning construction of the project. This action will allow a partial release by the City on its portion of the lien and allow CCP to begin construction. Once the City completes its final negotiation with the Owner, the City can release its lien on the remainder of the property.
